Every seam is sewn with care by expert workers in one of the best equipped, most sanitary factories in America.

The hand tailoring at the vital points in the apparel, which gives permanency to the shapeliness of the garment, is a Wooltex feature of added cost in the production, which it seems amazing to secure at such moderate prices.

### TO ACCEPT CASH DEPOSITS.

#### Federal Ruling Will Help Bird

Hunters Returning From Canada. Hunters of wild game birds in Canada returning to the United States will no longer be held up for an indefinite time required for them to give a bond for the destruction of the plumage of such birds, if they have money in pocket sufficient to make a satisfactory cash deposit.

To give such bond as required by the government it has been necessary for the passenger to leave his train, and in many instances wait over until another train, thus making connections for the remainder of the trip.

Andrew J. Peters, assistant secretary of the Treasury, in charge of customs, to obviate this inconvenience, authorizes collectors to accept cash deposits double the value of the game birds, but not less than \$10.

#### W. L. Robinson Gets Big Verdict.

NEW YORK, April 12.—William L. Robinson, a Chicago promoter, was awarded a verdict of \$15,000 in United States district court here yesterday in a suit for breach of contract against the Vanscope Company, manufacturer of a moving picture machine, of this city.
